Discover your spirit with Jane Calley-Booth

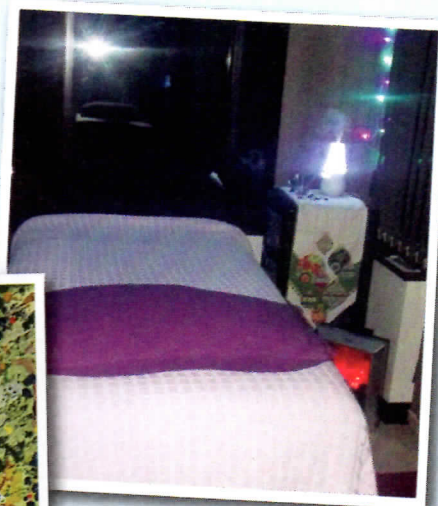

Hello, my name is Jane Cailey-Booth and I live in Doncaster with my husband Tony and son Josh. I organise Mind Body and Spirit Shows, Psychic Soirées and other such events and courses as well as offering healing therapies and card readings from my treatment room at home.

My background is in education teaching French and Spanish to adults, teenagers and youngsters since the age of 21.

My spiritual journey spans some 35 years or more and has developed from a simple awareness to what is now main stream and a way of life for me. During my time as a teacher I developed empathy with people of all ages and all walks of life. In recent years other doors have opened that have put me on my current path and shown me the way to open my natural spiritual doorways and bring out my abilities as a natural networker and organiser using many of the skills that I developed as a teacher.

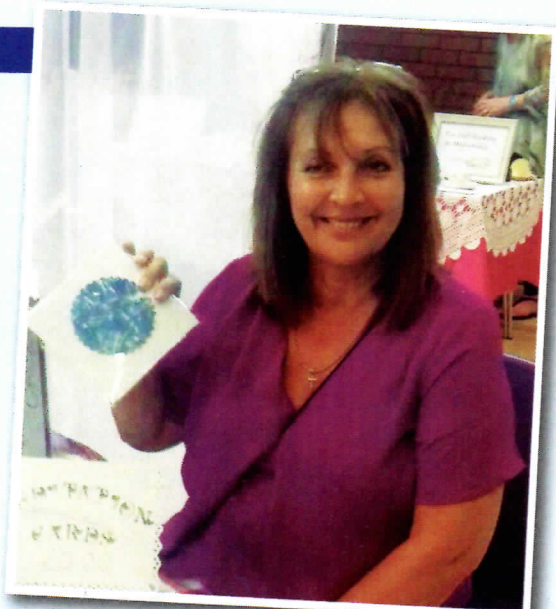

Thus, I decided late in the summer of 2017 to organise my first event. It was very well attended, the talks and workshops were well received and this experience brought me into contact with other like-minded individuals each with unique, special talents. It was in this way that my business – "The Healing Post" emerged.

I have since organised several shows and have more booked in 2018/19 culminating in a show case a 60 stall event - at The Doncaster Dome on the 27th October 2018 - Healthy Living "Discover Your Spirit" Show.

My vision is to bring knowledge and new learning and experiences to communities initially in and around Doncaster, extending throughout South Yorkshire, nationally and internationally.

I have also spent time working on my own personal and professional development. I have recently qualified as a Reiki Master and I now offer Reiki treatments. I am an Access Consciousness Bars practitioner and an Energetic Face Lift practitioner offering all these therapies along with crystal healing, Tarot and Angel card readings from home in "The Healing Post Garden Room."

My path recently crossed with that of Tracy Poskitt – It was at my last Healing Post MBS in Doncaster that we met for the first time. Tracy gave me a reading and it was absolutely accurate in every detail. I attended one of her courses at her home in Nottinghamshire where she demonstrated her very own Soul Release Technique on me and oh my goodness – how spirit work through her is beyond belief. We are now working more closely together and I am very excited to be starting another new chapter on my journey with Tracy organising other complementary events with her and collaborating on other ventures.

The last 12 months have been fast paced and at times I have had to stop and take a step back myself to fully appreciate all that I have achieved and all that I am becoming. I accept all of these gifts with a gracious heart and realise that none of this would be possible without the guidance of spirit and support of my family, close friends and colleagues. I am very grateful to my beliefs and spirit to be able to do my work and as well as catering for my own needs I can offer funding to many charities that I have empathy for and people that I have met on my journey of life.

I would now like to offer a gift to you – either by coming to me for a therapy or phone/email reading or 2 tickets to attend one of my events.
